个人简介

Professor LEE, KANG YOON is a distinguished academic in the field of electrical engineering, specializing in Artificial Intelligence Circuit Design, Analog/Digital Mixed Circuit Design, and related areas. He earned his Ph.D. from Seoul National University in 2003. Prior to his academic career, Professor Lee served as the Design Manager of the Analog Division at GCT Semiconductor Inc. (2003-2005) and was an Associate Professor at Konkuk University (2005-2012). He is currently affiliated with SKKU, contributing extensively to research and publication in high-impact journals.
