个人简介

Yong - Sang Kim is affiliated with SungKyunKwan University, with a verified email at skku.edu. His research interests include biosensors, TFT displays, and solar cells. He has numerous co - authors from various institutions such as Indian Institute of Technology Delhi, Sungkyunkwan University, Seoul National University, etc. Kim has published many articles in well - known journals like Solar Energy Materials and Solar Cells, Applied Physics Letters, and Biosensors and Bioelectronics, with some articles having high citation counts. For example, his 2009 article in Solar Energy Materials and Solar Cells has been cited 193 times.
