个人简介

Prof. Mayank Shrivastava is a full professor at the Indian Institute of Science, Bangalore, and co - founder of AGNIT Semiconductors Pvt. Ltd. He holds a Ph.D. from IIT Bombay and joined IISc in 2013. With prior industry experience at firms like Infineon and Intel, his work has led to over 250 publications and 57 patents. He has trained numerous students and fellows. He's received over 25 national and international awards, is an IEEE editor and distinguished lecturer. He's involved in setting up key semiconductor facilities and shaping India's semiconductor policies, and also speaks on various non - semiconductor topics.
